

# Siemens Master Drive - Reelers

## Benefits

**+ Extend service life**

Extend the operational life of your cable reelers

**+ Optimise maintenance planning**

Plan the upgrade to minimise the impact on the availability

**+ Integrate the latest technologies**

Reliable hardware with enhanced efficiency

**+ Warranty**

Twelve-month original manufacturer warranty

The Cavotec-Up-to-Date Program ensures that you get the best out of your Cavotec equipment throughout its service life.

### Siemens Master Drive

To ensure your Siemens Master Drives keep pace with the latest advances in electronics and control technologies, you need to update and upgrade your equipment from time to time.

Cavotec offers a structured exchange programme for cable reelers that ensures timely and reliable upgrades of existing Siemens Master Drives. Currently, upgrade examples include the Cavotec-programmed Siemens S120 and the Cavotec-programmed Vacon NXP Drive.

Obsolete Siemens Master Drive

New Sinamics S120 Modular Drive

Cavotec is a leading cleantech company that designs and delivers connection and electrification solutions to enable the decarbonization of ports and industrial applications.
