

HD Cameras

Cavotec is a leading cleantech company that designs and delivers connection and electrification solutions to enable the decarbonization of ports and industrial applications.

For more than 30 years, Cavotec has engineered advanced radio remote control systems in close co-operation with customers worldwide.

Our HD cameras enable safer, more efficient use of our radio remote control units at a wide variety of applications.

Technical characteristics

Technical specification

- 2.1 Megapixel
- Full HD Video - simultaneous HD-SDI & CVBS outputs
- Resolutions: 1080p/1080i/720p (NTSC/PAL)
- View angle 70° to 120°
- Frame rates: 60
- Power Supply: 12VDC
- Video Output Level HD-SDI / 3G-SDI
- 365° rotating viewing angle
- Machine mount and vibration/shock resistant design

Operating conditions

- Operating temperature range: - 20°C to 50°C
- Storage temperature range: -30°C to 60°C
- Protection class IP67
- Dimensions: 125x114x87mm
- Weight: 1kg
- Material: AISI316 or aluminium

Approvals & Standards

Cavotec radio remote control systems comply with a variety of international rules and regulations. All systems are CE marked, and can be used with our FCC Part 90-approved radio. Our systems are designed in accordance with the European Machinery Directive, and comply with IEC 60204 and ISO 13849, and can be used in type approvals of systems for specific countries worldwide.
